## 5 Steps to on-line success for an incredible **£1,499\***

Pink Fish Associates are offering your business an opportunity to purchase a complete marketing package...

### Step 1 - **www.address**

Registration of your www.address and first year's hosting\*\*. Just as you have a digital telephone number, your web address is how people will find you on the internet.

### Step 2 - **Corporate Identity**

Stand out from the crowd with a distinctive brand image – your logo will appear on all your company information and could become as recognisable as Virgin, Nike, or Orange!

### Step 3 - **Starter Website**

A stylish, five page website designed to ensure your products and services are seen by the world.

### Step 4 - **Business Cards**

500 full colour, high-quality business cards designed in line with your new company image.

### Step 5 - **Email Marketing Campaign**

To ensure your money is well-spent, we'll give you 1,000 targeted business contacts and design a branded e-shot advert, so you can prompt 1000 potential new customers to visit your brand new website! And finally, you'll receive an automated response report after the campaign, to help measure results.

### **A truly affordable way to launch your business online!**
